Dear Mr. Cohen:

I am pleased to submit this updated Declaration Letter confirming New York's intent to establish a State-based Health Benefit Exchange consistent with the Affordable Care Act (ACA).

On April 12, 2012, I issued an Executive Order establishing the New York Health Benefit Exchange. The Executive Order establishes the Exchange within the Department of Health (DOH) and directs the DOH to work in conjunction with the Department of Financial Services (DFS) and other state agencies to take all steps necessary to effectuate the Exchange and to carry out the requirements and serve the goals of the ACA.

As an Early Innovator State, New York is actively working to build an easy-to-use, web-based eligibility and enrollment system as envisioned by the ACA. As part of this system, the New York Health Benefit Exchange will perform Advance Premium Tax Credit (APTC)/Cost-Sharing Reduction (CSR) eligibility determinations. New York has determined that the State will not administer the reinsurance and risk adjustment functions in 2014 and requests federal administration of these functions.

Ms. Donna Frescatore, who will serve as the Executive Director of the New York Health Benefit Exchange, will continue to act as the primary point of contact for New York's Exchange Blueprint Application.

I look forward to continuing to work together with President Obama's administration to ensure accessible, quality care for all New Yorkers.

Sincerely,

A blue ink signature of Andrew M. Cuomo's name.

ANDREW M. CUOMO
